

2017 Sino-Micro Symposium

June 29-July 1, 2017

Xi'an, China

First Circular

In order to foster communications and collaborations among microbiologists in China and overseas, Overseas Chinese Society of Microbiology (Sino-Micro) will host a joint International Symposium on Microbiology. The symposium will be held on the campus of Northwest University in Xi'an, China from June 29-July 1, 2017. Our local host includes School of Life Sciences/Graduate School, Northwest University. The symposium will be supported by Chinese Society for Microbiology and American Society for Microbiology.

The symposium will have keynote talks, oral presentations and poster presentations.

Topics:

- *Applied and environmental microbiology*
- *Clinical microbiology and vaccines*
- *Ecological and evolutionary microbiology*
- *Microbe-host interactions*
- *Microbial pathogenesis*
- *Microbial biochemistry, physiology and metabolism*
- *Microbial omics*

Language: English
